Essential power for
everyday living

AgfaPhoto

AgfaPhoto Holding GmbH, with head offices in Leverkusen/Germany, is a consumer-imaging company with international operations. The company is a pioneer of modern photography. AgfaPhoto gives pictures a sharper overall intensity and is the ideal medium for sharing lasting memories with friends and family.

AgfaPhoto

House of Batteries are proud to be the exclusive UK and Ireland licence holder for the AgfaPhoto energy range – offering a solution for those power hungry devices in todays demanding technology led world.

Partnership

The House of Batteries and AgfaPhoto partnership provides the consumer with state of the art technology teamed with the highest level of customer satisfaction and outstanding customer care.

House of Batteries

Since 1992 House of Batteries has gone from strength to strength offering customers a comprehensive range of batteries and power solutions. We are committed to the needs of the customer and deliver exceptional service with each and every order, making us the only choice for power solutions across the UK and Europe.

The range

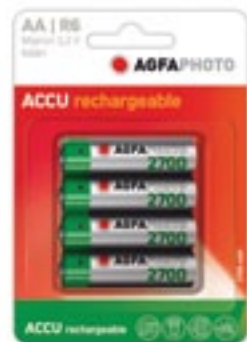

The AgfaPhoto battery collection uses the latest technology whilst still incorporating an eco-friendly attitude and most importantly fulfils the demands of even the most power hungry devices.

AgfaPhoto recognises the importance of the consumer being able to easily identify the best performing battery for the right device. Our packaging now includes a 'quick look' visual, grading the performance and suitability making the selection process easier.

The range

High-tech gadgets, toys, security and medical devices – no matter how large or small your power hungry electrical device is, you can rely on us to provide the power solution you have been looking for. With a comprehensive range of specialist, rechargeable and everyday batteries from a trusted name, you can finally sit back relax and leave it to the experts.

Rechargeable

The AgfaPhoto Rechargeable collection boasts the newest battery technology. Combining advantages for both the price-conscious and eco-minded, this great range produces the power for all your high-energy devices.

REPEAT USE BATTERY

Alkaline Batteries

Our Alkaline batteries offer long-lasting dependable power to thirsty everyday devices such as toys, torches, electronic games and more. They are the popular power solution giving you trusted quality and great value.

SINGLE USE GENERAL PURPOSE BATTERIES

Zinc Batteries

The heavy duty, premium Zinc-Chloride battery technology is the perfect power solution for devices such as clocks, remote controls and calculators. These simple batteries are the perfect option for those everyday low-drain devices.

Lithium Batteries

These small but powerful AgfaPhoto Lithium, Photo and Coin batteries supply long lasting power and the latest Lithium technology. Ideal for devices such as digital cameras, smoke detectors and remote controls.

LITHIUM, COIN & PHOTO

Speciality Batteries

Our range consists of the most popular specialist batteries suitable for a wide range of applications. They offer reliable power and quality when you need it most.

SPECIALITY

Bulk Alkaline & Zinc

Ideal for OEM and End Users, our range of Bulk/Industrial packed batteries are available in both Zinc & Alkaline solutions.

LARGE QUANTITIES

Full of energy
and highly
versatile

Batteries for everyday use

For those power thirsty devices we rely on in everyday life such as digital cameras, gaming consoles, MP3 players and toys, the AgfaPhoto battery range brings you exactly what you need. Focusing on dependable long-lasting power solutions, you can rest assured you have only the finest most reliable power source at your fingertips.

Rechargeable Batteries

Environmental responsibility

AA 1300mAh

AA 2100mAh

AA 2700mAh

AAA 600mAh

AAA 1000mAh

Rechargeable Batteries

The AgfaPhoto Rechargeable range of NiMH batteries is the ideal power solution for your digital devices, such as cameras and music players. Keep on charging these batteries for non-stop power when you need it most.

Battery Chargers

This great range of chargers for rechargeable batteries produces the power for all your high-energy digital devices. Sleek and powerful, they keep on charging time after time delivering an environmentally conscious solution to your power requirement.

Alkaline Batteries

Long lasting power

AA LR6
