DURACELL®

Duracell is the world's leading manufacturer of high-performance alkaline batteries. Their products serve as the heart of devices that keep people connected, protect their families, entertain them, and simplify their increasingly mobile lifestyles.

The Duracell name—originally coined as a shortened form of “durable cell”—is synonymous with innovation. The brand has made advances in single-use, renewable, and personal device-charging technologies

DURACELL®

ULTRA POWER ALKALINE BATTERIES

Duracell Ultra Power alkaline batteries are our #1 longest-lasting batteries, enabled with high-density core* and ideal for high-drain devices. POWERCHECK™ allows you to check remaining power at a glance, avoiding unnecessary interruptions, while Duralock Power Preserve technology keeps unused batteries fresh and powered for up to 10 years in ambient storage!

DURACELL®

PLUS POWER ALKALINE BATTERIES

Engineered to deliver that kick off additional power, Duracell Plus Power batteries are available in size AA, AAA, C, D and 9V. Duracell Plus Power batteries provide reliable power for your everyday devices like motorized toys, flashlights, portable games consoles, remote controls, CD players, etc. and Duralock Power Preserve technology keeps them charged for up to 10 years in storage.

DURACELL®

SIMPLY ALKALINE BATTERIES

Duracell Simply means quality Duracell batteries at an affordable price, providing great value vs. other Duracell alkaline batteries*. Simplify your life with guaranteed power from Duracell Simply, best for use in low to moderate-drain devices, like radios, remote controls or clocks. Duracell Simply batteries are available in sizes AA & AAA.

DURACELL®

RECHARGEABLE BATTERIES

Duracell Rechargeable batteries and chargers take your mind off battery replacement so you can focus on the finer things in life. Switch to rechargeable power and spend more time gaming or playing with your children's favourite remote-controlled car using a powerful rechargeable battery.

DURACELL®

CHARGERS

INDUSTRIAL

BY DURACELL®

Designed for professionals

- Designed and packaged for wholesale and professional trade customers.
- Providing high quantities of dependable batteries at a cost-effective price.

High-performance power

- Delivering long-lasting power across a range of professional applications.
- Capable of operating in temperatures from -20°C to 54°C.
- Reliable performance, even after seven years of storage.
- Bulk battery for use in torches, smoke alarms and medical devices.

DURACELL®

LITHIUM COIN

Much more than just watch batteries, Duracell coin and button batteries are also ideal for remotes, battery alarm clocks and many other devices. With guaranteed long-lasting power, Duracell coin batteries offer Duracell quality in a variety of sizes.

DURACELL®

SILVER OXIDE WATCH

Duracell provides a range of coin and button batteries, ideal as watch batteries. Look for Duracell's coin and button batteries when the time comes for watch battery replacement to ensure long lasting performance.

DURACELL®

HEARING AID BATTERIES

The Duracell EasyTab hearing aid battery is easy to hold, replace and remove. An extra-long tab makes it simple to handle, and its lightweight packaging is easy to open. EasyTab hearing aid batteries are colour-coded in yellow, orange, brown and blue, so you won't have any trouble finding the size that's right for you.

DURACELL®

MINIATURE & SPECIALITY

Duracell Specialty batteries are dependable power solutions in all specialty devices, performing equally well as camera batteries and remote control batteries. Whatever your specialty device needs, Duracell has a specialty battery for you.

DURACELL®

PHOTO ULTRA LITHIUM

Rely on the long-lasting Duracell Specialty Ultra Lithium batteries to power your digital cameras and camera flashes, portable lights, medical devices (portable O2 analyzer), security devices (electronic lock) and other electronics (such as laser pointer, microphones, night vision devices). Duralock Technology preserves battery's power up to 10 years in storage.
